

**They developed GPS.
Invented the internet.
Created duct tape.**

AND HELPED RAISE \$8 BILLION.

The U.S. Department of Defense doesn't just fight for stability and security across the globe. They fight to build stronger, healthier communities for all of us. The DoD provides humanitarian aid. Plus, for more than 50 years, America's civilian and military employees donated more than \$8 billion through the Combined Federal Campaign.

The top contributor year after year? DoD. Their generosity and leadership helped find cures for children with cancer, supported injured military veterans, provided meals and housing for families in need, rescued abused animals, and much more.

WHEN IT COMES TO LEADING BY EXAMPLE, DOD IS #1.
